

Role Description

Role Title: Member, Education Resource Team

Location: Bangalore, Gujarat, Rajasthan and Uttarakhand

Job Description:

Quality Education is one of the key differentiators that can change our status from a developing nation to a developed nation. Our thrust is to significantly contribute to a systemic change that enables the state to facilitate education for all, in the most equitable manner.

We believe that in a structured school environment, the class room is the basic crucible of learning and it is the teachers who significantly influence the learning process there. In order to strengthen their capacity, there is an integral need to work with teachers, teacher educators and the institutions that are responsible to build capacity or develop teachers. To create an accelerated pace of change in the education sector, we are looking for passionate people to set up an Education Resource Team, a team that will design, develop and deliver teacher support and development systems in partnership with various states in India.

We are looking for professionals with at least 5 years of experience in teaching, teacher training or curriculum, textbook and material development for elementary education.

Profiles in Areas:

- Subject Matter specialists in school subjects
- Child Psychology
- Assessment
- Philosophy of Education
- Sociology of Education
- Pedagogy & Classroom management
- Education system management and policy

Key Responsibilities:

- Develop modules and resources for training of teachers.
- Motivate and use new ideas for effective change in teacher training systems

Experience:

- At least five years of classroom experience, with proven track record of innovative classroom practices

Specific Job Competencies Required:

- Vision and passion for education
- Deep understanding of education systems – government as well as private school systems
- Understanding of non traditional classroom and effective classroom practices
- Commitment to the principles of democratic and child centered classrooms
- Necessary social orientation to understand issues of equity, and inclusive education
- Enthusiasm to read, conceptualize and analyze
- Familiarity with National Curriculum Framework, National Policy of Education, etc.

Personal competencies:

- Ability to learn, communication skills and excellent facilitation skills
- Knowledge and fluency in one Indian language and also must be fluent in English (Fluency in reading, writing and speaking)
- Conceptual skills
- Flexibility to travel
- Self-starter
