

Role Description

Role Title: Education Policy Professionals, Education Management

Location: Bangalore

Job Description:

While the school, community and teachers are critical stake holders in the education process, the education administrators are responsible for managing the educational process in a manner that supports and empowers the school to achieve its objectives. A motivated education delivery system with a vision and competence that is consistent with the spirit of the National Policy of Education can play an extremely supportive role in achieving the educational goals. To support and empower the education delivery system, we have created an education management cell, We are looking for Education Policy professionals with the following capacities to strengthen this cell:

The role is to review, understand Indian and international educational practices. To evolve recommendations for relevant changes in educational policy.

Qualifications:

Professional qualifications in education or public policy from reputed universities

Experience:

8 years and above in Education System or 4 years and above in Education Ministry (state/centre)

Specific Job Competencies Required:

- An experienced general manager, with strong conceptual abilities who is able to understand the rationale and implications of Indian and International Education policies and also circumstances of the sector, spot opportunities for evolving recommendations for changes in the education policy.
- Is willing to engage intensely with government systems and processes
- Is computer literate - well-versed in e-mail, Word, Excel and Power Point
- Is fluent in Kannada/Hindi and English
